

## Hired on the Spot: DuPagePads 2nd Annual Career Fair Success

More than 200 job seekers attended DuPagePads 2nd Annual Career Fair on June 19 at College of DuPage, a 67% increase over last year's inaugural event. This year's new venue hosted 35 local employers looking to hire with free admission and free parking.

35 DuPagePads program participants attended the event and while results are still coming in, one DuPagePads client was hired on the spot, two more were hired as a result of attending the Career Fair and six clients have upcoming interviews.

Nickea, a DuPagePads client, shared, "This Career Fair provided wonderful opportunities for advancement. I'm now optimistic for my future."

### Preparation:

To help prepare our participants for the Career Fair, DuPagePads hosted several workshops leading up to the event. These valuable workshops provided:

- Proper interview attire
- Makeup, manicures and hair styling
- Networking techniques
- Finishing touches on resumes
- Creative writing classes
- Mock interviews

### During the Event:

Through a partnership with College of DuPage, DuPagePads was fortunate to more than DOUBLE the number of employers at this year's Career Fair.

From healthcare to manufacturing, tech support to retail and more, applicants had the opportunity to network with an even more diverse pool of employers.

### What our Employers are Saying:

In addition to the positive feedback we've received from attendees, employers who have hired DuPagePads clients in the past also had some positive remarks.

"We recently hired someone from DuPagePads who is doing great and is very reliable."

Patti – 

"The candidates we have seen from DuPagePads have been well prepared and very excited to work. One in particular has been super punctual, even arriving early for shifts. DuPagePads career staff follow up regularly to make sure their clients are doing well."

### Positive Feedback from Clients

#### Angelina

“DuPagePads helped me obtain clothes to wear for the Career Fair and my interview, update my resume and shared valuable job readiness skills. Everyone at DuPagePads has been so friendly and helpful.

As a result of DuPagePads Career Fair, I had three interviews in one day at the same company.

Later that day I got a call saying I got the job. I was so excited and jumping up and down, that I forgot to say ‘yes’ at first. I was just so full of joy in that moment.

Now that I have a full-time job, I’m starting to look at housing options so my son and I can get our own place. I would recommend anyone to come to DuPagePads Career Fair and their Career Employment Solutions program. Everything about the event was on point.”

#### Danielle

“As a 19-year-old, I didn’t know how to put together a resume. I came to DuPagePads hoping to get a career and didn’t know how to get started. I sat down with one of their volunteers who helped me create a professional resume.

One of the employers at the Career Fair called me the next day and asked if I could swing by. When I arrived, she introduced me to their manager and we had a spontaneous interview.

I was hired on the spot! It felt amazing!

I don’t know how to put into words how tremendously grateful I am for DuPagePads for providing these opportunities. They have helped me and my family with everything from a place to stay to helping me get a new social security card.”

## I Saw Firsthand...A Father’s Note

“I am writing to thank your organization for the outstanding work that you do. I saw firsthand how generosity and compassion can encourage someone with little or no hope, to envision a future for himself.

My son, Charles found himself homeless and in trouble with the law, after I retired and moved to Mississippi. To make a long story short, he was given probation instead of jail time and ended up at DuPagePads.

He was unable to get a job on his own or with anyone else’s help for over 3 years. However, under the guidance of DuPagePads Career Employment Program, he got a job that he was proud to have.

He spoke to me every night from the homeless shelter. He was amazed at the quality of the meals provided every night and how nice everybody at your organization was. He was just so grateful for everything that was done for him.

**Charles died May 14, 2016.**

After his passing, I went to DuPagePads to meet Carlos and Lutisha and thank them for helping my son. He spoke so highly of them and everyone else.

I just donated and will for years to come. I read some of the stories on your website and was brought to tears because I know how grateful those people are.

Forever in your debt.”
