The Solution to End Homelessness.

Harmony, Hope
and Healing
program.

YOU Helped 365 People Move Home!

DuPagePads served 1,322 individuals including 250 children in 123 families last fiscal year. Of those served, 71% listed their address in DuPage County showing that your support is assisting our neighbors by providing meals, overnight housing, case management, career options and for 365 people – a place to call home!

These outcomes are possible because of your donations and our community collaborations: 4,000 volunteers donated 78,102 hours, the equivalent of 38 full-time employees; over 160 congregations; and more than 50 health and social service partners.

We invite you to continue to be part of our solution to end homelessness by making a donation, attending an event or volunteering with us. For more information, visit: www.dupagepads.org.

Sam Has a Home!

From a pad on the floor – to a key in the door, Sam moves home.

Recently Sam, who had been homeless for over a year, moved into one of our 82 Supportive Housing apartment units.

We thank our generous donors and supporters for assisting us in ending homelessness, one journey at a time.

New Programs at Client Service Center

This fall, DuPagePads Client Service Center introduced new and exciting programs to support families and individuals who are homeless.

One of the most transformative aspects of the Client Service Center is the one-on-one case management that is provided to assist families and individuals in addressing their individual hurdles to housing. Along with their case manager, clients develop personalized goal plans with targeted completion dates.

New Programs and Groups

The Client Service Center facilitates a number of creative programs in a workshop setting that teach valuable skills, including:

NEW

Financial Fitness Program – Facilitated by the DuPage Homeownership Center, this program explores the fundamentals of creating a personal budget and understanding credit.

NEW

Women’s Wellness Group – Together with Family Shelter Service, this group provides a safe environment to discuss issues and coping strategies. Also included is art therapy to restore women’s personal well-being.

NEW

Healthcare Alternative Systems (H.A.S.) – Facilitated by H.A.S., this educational group discusses resources for treating substance abuse and focuses on services that are holistic, personalized and participant-centered.

NEW

Midwestern University Occupational Therapy – Midwestern University student interns run ongoing weekly groups on a variety of topics from computer skills to nutrition and healthy eating.

RETURNING

Harmony, Hope & Healing – Harmony, Hope & Healing explores how sound and music can benefit one’s own healing through listening and singing inspirational songs and playing musical instruments.

Open Monday through Friday, DuPagePads Client Service Center is the only day site in the county where those who are homeless can shower, do laundry, take shelter from the weather and have lunch.

Located at 703 West Liberty in Wheaton, last fiscal year the center served more than 1,000 people.
